

INTRODUCTION OF JINPENG GROUP

Electric tricycles/New energy vehicles

01 / ABOUT JINPENG

Established in **2004**, Jinpeng Group is the world's **largest electric tricycle company** and specializes in R&D, production and sales of electric vehicle. The company is headquartered in Xuzhou, Jiangsu Province and has **13 production bases**. It covers an area of nearly **4,000 acres**, employs nearly **8,000 people**, and has an annual output value of **10 billion yuan**.

Our products which R&D by ourselves includes New energy cars, electric tricycles, electric two wheelers, electric forklifts, electric sweeping carts, electric dust carts, etc.. The electric tricycles sold more than 1.2 million annually which is the top one in the world for 10 years continually. Our products exports to more than 50 countries and regions includes the Philippines, the United States, Canada, Mexico, Chile, the Czech republic, Greece, South Africa, India, more than 8 million vehicles totally sold.

DEVELOPMENT HISTORY

In 2004

The company was formally established started by 16 persons only

In 2009

Signed Zeng Zhiwei started brand building project

In 2014

Annual sales of electric tricycles exceeded 1 million for the first time

In 2017

Annual production capacity of 200,000 vehicles Sales of electric tricycles have topped the world for 10 consecutive years

In 2019

Obtain qualification for electric cars

In 2008

Obtained the first sales champion of electric tricycle industry

In 2012

Enter the low-speed new energy automotive industry

In 2016

Annual production capacity of 100,000 sets of Jiangsu Jinzhi new energy production base put into production

In 2018

Sales of low-speed new energy vehicles exceeded 14,000 in the first quarter

In 2020

In 2020 Obtained the New World Record from WRCA Most Electric Tricycle Sold in the world

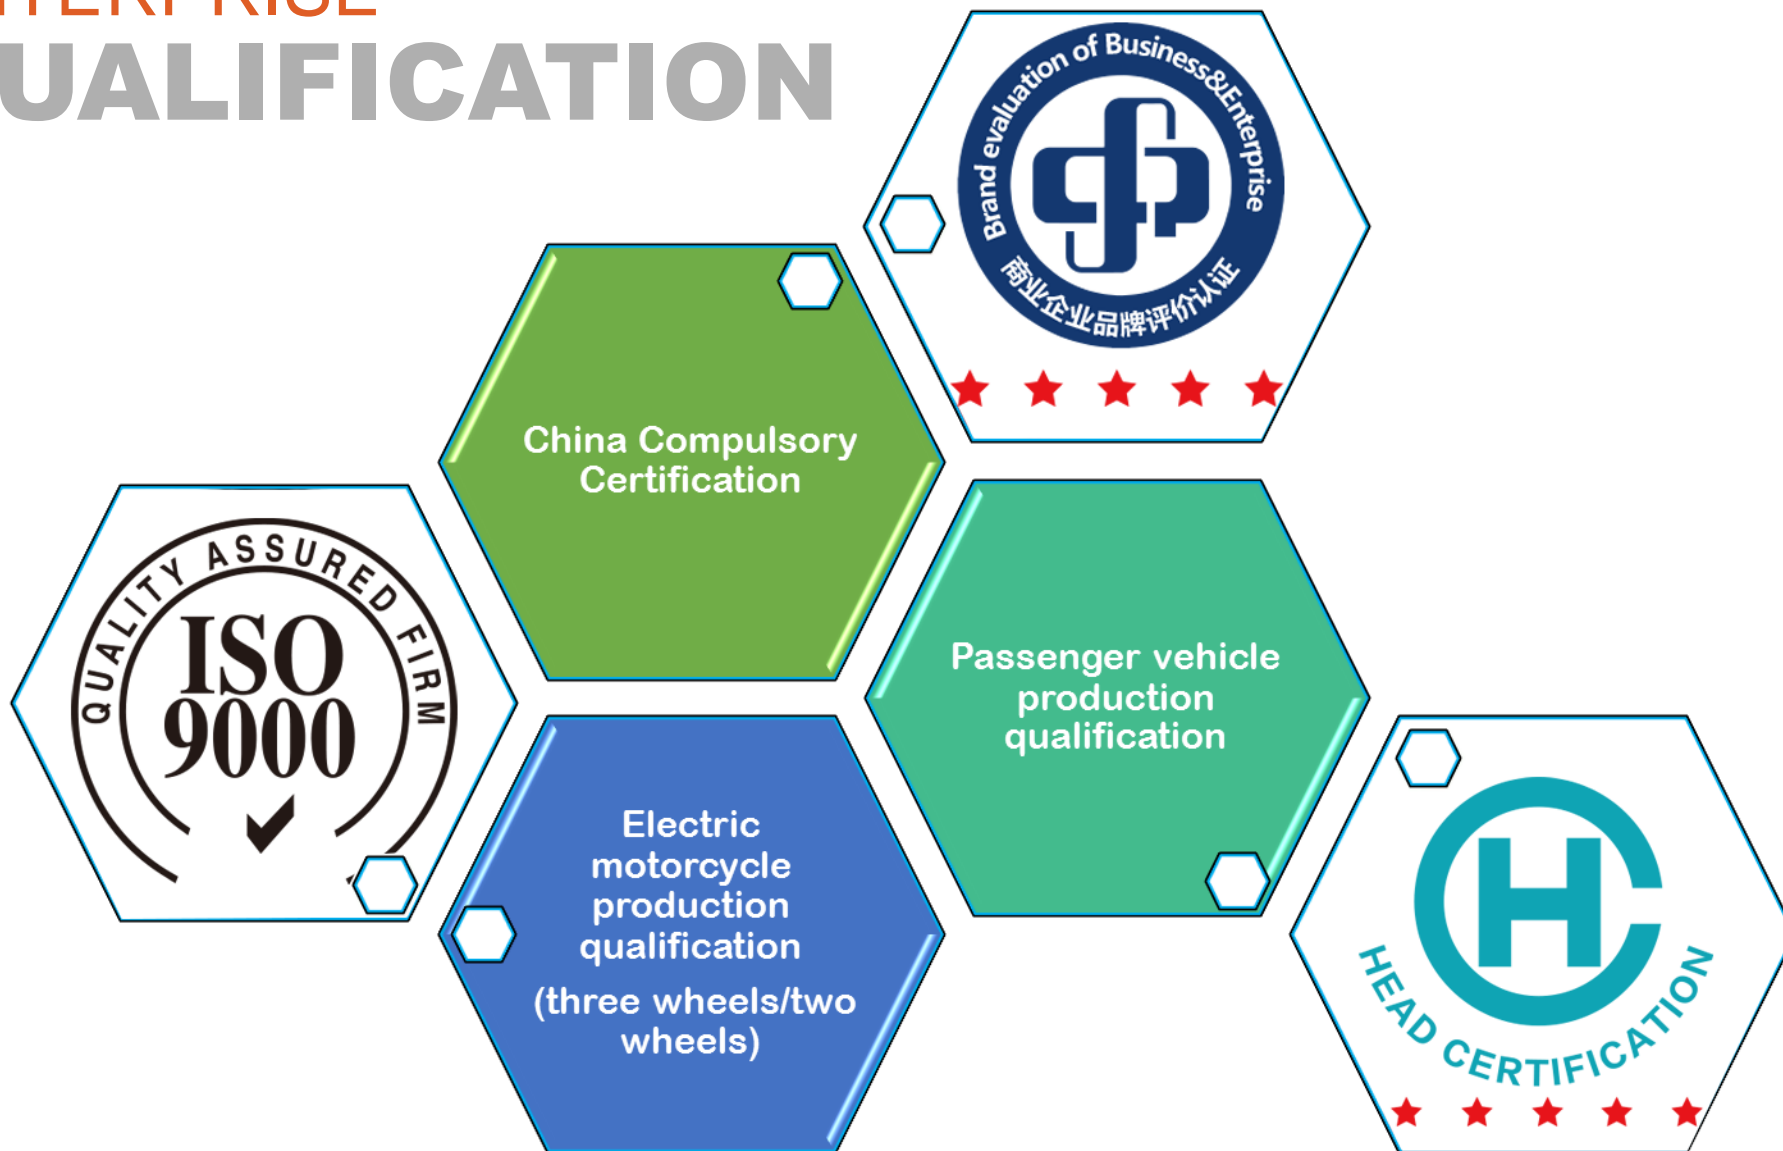

INDUSTRY STATUS

**Only manufacturer in this industry with
"Full Category"**

Products with electric vehicles、leisure tricycles、cargo tricycles、tricycle with cabin、low speed electric car、New energy vehicles

02 / ENTERPRISE QUALIFICATION

HONORS AND CERTIFICATIONS

Nearly 20 provincial/municipal scientific and technological achievements awards

More than 10 patent awards

400 patents of various types

3 software copyrights

2004年—2020年
金彭电动三轮车全球累计销量达1360万辆
创造了**电动三轮车销售量最多的世界纪录**

MOST ELECTRIC TRICYCLES SOLD
A total of 13.6 million "Jinteng" brand electric tricycles were sold globally by Jiangsu Jinteng Group Co., Ltd. (China) from its establishment to 31 December 2020. Verified by the WRCA, the company has set the world record for the "most electric tricycles sold".

PRODUCTION BASES

Xuzhou base

Completed in 2012, covering an area of 586 acres
Tricycle for cargo, totally enclosed, as well as leisure and express

Henan Jinpeng

Completed in 2013, covering an area of 330 acres Tricycle for cargo

Hubei Jinpeng

Completed in 2018, covering an area of 300 acres Tricycle for cargo

Tianjin Leisure Electric Tricycles Factory

Completed in 2017, covering an area of 200 acres Electric leisure tricycle

Hebei Jinpeng

Completed in 2012, covering an area of 180 acres Tricycle for cargo

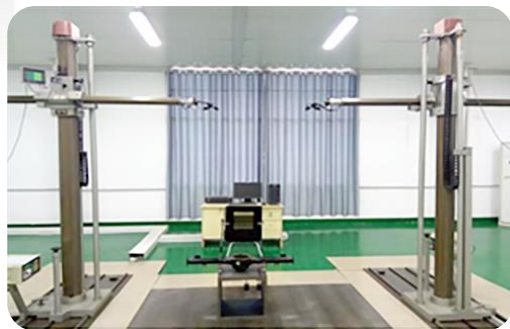

Sichuan Jinpeng

Completed in 2014, covering an area of 150 acres Tricycle for cargo

TESTING AND INSPECTING ABILITY

Instrument of testing and inspecting for electric vehicles. Including whole vehicle testing, electrics and machine inspecting as well as environment testing.
